

Uploading of Documents

You can also upload your insurance card, drivers license, among other things to your chart.

1. Click **Upload Documents** from your main profile.

2. To upload your driver's license and insurance card, you will need to upload a copy of the front and back of the cards *separately*. Click the box that you would like to upload the document/image. Find your file that you would like to add from your phone or computer. Once your documents and images are uploaded, click **Send**.
